

Thank you all for being so understanding with the constant changes going on in the world around us.

We are blessed to have so many caring people in our community!

This Sunday's service will be on Facebook starting at 10am and will also be available through our website starting on Sunday.

If you would like a written copy, please let us know.

Many of you may have been contacted by our "Divide & Conquer" Team. Their purpose is to :

- 1 – Check on you and see if you have any needs that Pastor Nick needs to know about (this allows him to get updated information from all of you without him making over 100 phone calls!)
- 2 - check to see if you need something as we have people willing to go out and pick up items for you
- 3 – Keep you posted on the what is happening in the church – including church services and their status

If you did not get a call and would like to be added to the list, please let the office know.

We are also finding out that many families no longer have their land line and we do not have any way of contacting them unless it is through email or Facebook. Please update your information at the office. This includes email addresses

LeAnn is working from home but has full access to the computer. The phone has been transferred to her house so that things for the most part can stay normal. She is going in 1 to 2 times a week to check on mail and the building. We still (for the time being) have the Community Kitchen and the Food Pantry operating.

Please know that we are praying for all of you and that we hope you all remain healthy.
