From the Cornerstone District office

In accordance with the continued response to COVID-19 pandemic, the Upper New York (UNY) Conference Office and the Episcopal Office at the United Methodist Center in Liverpool, NY will remain **closed through the end of May**, as will the Cornerstone District Office at Christ First United Methodist Church in Jamestown, NY. All employees will continue telecommuting.

In addition, UNY Conference local churches are **strongly encouraged** to continue to refrain from having in-person worship services **through the end of May**. Recognizing that the New York Governor has placed drive-in theatres as a part of businesses that can open within Phase 1 of the states re-opening guidelines, we support any churches that desire to offer drive-in worship experiences within regions that are in Phase 1 of New York’s reopening guidelines until in-person worship within our buildings can resume. It is vital that guidelines be followed closely if a church decides to offer drive-in worship and that the building not be opened or available for access in any way. You can find guidelines, as well as resources, for drive-in worship experiences [here](#).

As the state begins to reopen, decisions about in-person worship services within church buildings will be made regionally and locally in compliance with local authorities. **By next week, detailed guidelines for church reopening procedures will be shared by UNY leadership, along with FAQs, and best practices.** Continue watching Conference and District communications channels for more information.
